AJEEB

AJEEB is an alt-rock band from Lanzarote that has been making noise for nearly a decade. Members include Cucho Segura (guitars and vocals), Sara GDM (bass) and Rafa Pacheco (drums). They present a post-grunge/noise/shoegaze proposal with their third LP ready to be unleashed, international presence and the intention to grow, both live and in studio.

After their live debut in Tenerife at the end of 2017, AJEEB released their first LP, Toss and Turn (2018). The album took them across the Canary and Balearic Islands, mainland Spain and abroad. They played at festivals like Grito Rock (Cape Verde) and Arrecife en Vivo (Lanzarote), as well as showcases like BIME Pro (Bilbao) and also took part in the first Spinda Sessions, organized by Spinda Records in Cádiz, and in the 12th anniversary of Nooirax Producciones, held at the Wurlitzer Ballroom in Madrid. By 2018-2019, the band toured Germany, Switzerland, Austria, and the UK. In 2020, El Hombre Bala Records reissued Toss and Turn, adding two unreleased tracks. AJEEB kept touring the Canary Islands, mainland Spain, the Czech Republic, and Poland.

Their second LP, Refractions, marked a further evolution in their sound. Recorded, mixed, and mastered by Jose A López at La Caterva (Gran Canaria) and released in March 2023, it came out on vinyl, CD, and cassette through a co-edition involving ten independent labels from Spain and North America: Spinda Records, Violence in the Veins, Quebranta Records, Hombre Montaña, Bandera Records, Hey Boy Hey Girl, Naife, Noizeland Records, The Ghost Is Clear, and Clever Eagle Records. Following the release, AJEEB kept playing live in an extensive tour around the islands, mainland Spain, and France. The album managed to get noticed by national and international media and achieved physical distribution in several European and Asian countries, as well as in the United States.

In April 2026, AJEEB returned to La Caterva to record their third LP. Currently, the band is planning their next release with Spinda Records and The Ghost is Clear Records by April 2027.

AJEEB
